WHO IS IE₄W?

The Inland Empire 4 Wheelers is a family oriented 4x4 club formed for the enjoyment and preservation of 4 wheeling. We consist mainly of short wheelbase vehicles such as Jeeps, Toyotas, Suzuki's although we do get an occasional long wheelbase vehicle. If you have one of these, expect to go some

places where you could possibly sustain body damage. We have monthly club runs that take us from the deserts to the mountains. We could easily end up in the snow, rocks, or sand. As a club, we are dedicated to the preservation of our public lands and our family sport. We welcome new members to join us!

IE4W ROUNDUP

Come meet new friends! Bring your 4X4 ! All Four Wheelers welcome, Old Timers and New. Bring the family for dinner & enjoy it with new friends. Find out where to go Four Wheeling! Learn the newest tricks of Four Wheeling. Check out Radical videos & vehicles. Vehicle Safety advice available.

Come Play On Our RTI Ramp! The articulation ramp is a great tool for checking the effect of modifications you have made to your vehicle. For example, it can be used to check brake line length, if your shocks are the correct length for your lift, etc.

From the North, take the Washington Street exit off the Southbound 215 freeway and turn left at the light. From the South, take the Washington Street exit and make two left turns over the freeway. Graziano's is located on the left between McDonald's and Del Taco.

The IE4W Roundup is held the 2nd Tues. of each month from 6-9 PM at:
Graziano's Pizza Restaurant
1080 E Washington St.
Colton, CA 92324
(909) 824-2770

IE4W WANTS YOU... TO BECOME A MEMBER!!

The Inland Empire Four Wheelers welcome all guests to participate in club functions such as runs, business meetings, Roundups, and social gatherings. However, we would also like to welcome in our guests as full time members. As an IE4W member, you will enjoy certain benefits, just to name a few; you will be allowed to purchase plaques to display on your vehicle, you will be allowed full voting rights for bylaw changes and board of directors elections and look toward some new fun members benefits in the coming months as our membership committee builds new ideas.

The followings are the requirements set forth by the IE4W bylaws for membership requirement: Each prospective member must be 18 years or older, hold a valid driver's license, be the registered owner of a 4x4 vehicle, have the minimum CA insurance coverage, have their vehicle safety inspected, and attend 6 business meeting and drive his or her vehicle in at least 6 official runs (1 being an overnight run and 1 Adopt-A-Trail work trip) within a 12 month period. An official club run consists of 2 or more club members (with the exception of monthly club Runs). Each new member must sign the club's Assumption of Risk Waiver and will pay an annual \$69.00 fee which is used for land use and club events. Each year new land disputes surface and every off-highway recreationalist is beckoned to help support the fight. So, not only will your IE4W membership be a fun, fellowship filled experience, you will also be supporting your right to enjoy off-highway recreational areas for years to come.

President's Message

Hello Friends,

Have a Safe and Happy Month.....

Randy Stockberger
President

Big Bear Forest Fest 17 ~ ~ Registration is Open

Forest Fest is just around the corner – Father's day weekend June 13,14 and 15th – registration is now open.

A couple of changes this year – the gates will open for guests at 8:00 and registration will go from 10:00 am to 10:00 pm – we only have one Friday night run and that will be the Spooky run leaving at 7:00 PM – the other Friday runs will leave at 1:00 PM – line up at noon.

Several Vendors will be sponsoring runs this year – check it out on the registration and tag along with your favorite vendor.

Some of the trails will be staging in Big Bear or other locations – we are still trying to make arrangements with local merchants to make this happen but this should give those staying off site the ability to meet closer to where they are staying and for others it will provide an opportunity to run into Big Bear and have breakfast before the run. Again all of this is still in process and depending on demand will determine how this all comes together.

<http://ie4w.com/page10/iframe/index.html>

IE4W Business Meeting – April 4th, 2014

Open Meeting – Called to Order by President Randy Stockberger at the Grand Terrace Community Center. The Pledge of Allegiance was led by Tom Thompson.

The guests stood and introduced themselves. The guests were Rick Anderson of Forest Falls, Zachary Beadle of Mentone, Karen Cramer of Riverside, Curt Harmon of Riverside, Kristian Lee of Fontana, Cort Phelps of Riverside, Kevin Strong of Wildomar, Aaron Woolbert of Riverside and Joey. The roster sign in sheets started around.

The secretary’s minutes were approved for the March 2014 meeting as published on-line, on the website and in Low Range Ramblin’.

Reports

Treasurers Report - Mike Moore present – The club started March with \$12,377.05. During the month income was \$13,349.71 and expenditures were \$1,590.35. The club ended the month with \$24,136.41. Income included Forest Fest registrations (\$12,528.71), merchandise sales (\$555.00) raffle ticket sales (\$236.00) and dues (\$30.00). Expenditures included \$1,000.00 to the Grand Terrace Elks, \$200.00 to the Traven’s Girl Scout Troop, the beginning of BBFF expenses and the usual bills for monthly expenses. Bills for the month included the newsletter (\$265.32), and months of hospitality reimbursements (\$924.96). The membership approved a \$500 donation to the kidney foundation, in honor of the Ehlers granddaughter, Caroline and a \$100 donation to the Blue Ribbon Coalition.

VP Report – Loren Campbell present – Loren spoke about the donation of \$9,329 that SCE was able to make to the Loma Linda Ronald McDonald House because of the success of the Paintball Tournament that many of the members attended.

Land Use – Loren – No report

Merchandise Report – Kevin Rice present – there is a lot of merchandise available tonight. Kevin will get bids on new items, including the large RV size flags.

Membership – Barbara Bongiorno present – new member packets are available tonight.

Hospitality Report – Tom and Sherie Thompson present – We’re hospitable.

Forest Fest – Mike present– Mike reported that we are at 175 registrations as of last night for a total of \$21,170. This includes 367 adults and 43 children. Vendors will be paying a sight fee this year. Mike Ortega will be doing the Facebook public relations this year.

Round-Up Report – Bill Henry present – Bill reported that there was a full house in March. Teri Patterson won the game and was awarded the prize that George Biddlecombe (Amsoil products) supplied. Ronnie Rogers of Redlands Motorsports will supply the prizes for this month. Bill will be absent, Mark Ogaz volunteered to bring the ramp and Steven Soliz volunteered to be in charge.

Randy invited the club to view the Riverside Air Show on Saturday 4/5, from his business, Stewart Handling, which is adjacent to the airport. He will have a BBQ and there is a beer garden next door. Park at the Auto Auction and bring a chair.

Website Report – Steve Owen absent

Scholarship – Mallory Jordon absent – Carl got applications.

Historical Report – Tim Kemp present – April 1969, 13 members, the run was to Last Chance Canyon – Burro Schmidt. There was an annual safety check done on the rigs. 1975 – Dues were paid late, Pismo was in danger. 1985 – Club members attended Moab East Jeep Safari; the bank balance was \$336.73. 2004 – Ron Burris was the president; the club led the Empire Strikes Back trail at HDR in Stoddard Wells. John Maldonado led a run and the Round-up was being held at Surfer Joe's.

Newsletter Report – Teri Patterson present

Safety - Jerry Burgess present – Jerry asked about the first aid kits. Sue Sloan has one, which will be taken to Parker Jeep Jamboree, and Derek Rist has the other, which will go on the monthly run. Please see Jerry's article in the newsletter, regarding the Coefficient of Friction.

Public Relations – not mentioned

Break – The refreshments were provided this month by Tim Glider and Sharla Traylor. Next month the refreshments will be provided by Bill Henry.

March runs – Neil Stratton spoke about his run to **Motino Wash**. Steven Soliz spoke about his **Run Across the San Bernardino's**, Jerry spoke about Mallory Jordon's **Powderpuff run to Cleghorn**. Sue thanked the guests

that were so helpful with Carl's injury. Mike Moore spoke about the **Corva event**. Kevin Rice spoke his 3 runs.

Old Business – Terry McNeill has scheduled the IE4W Golf Tournament for April 27th starting at 11:00 AM. There will be a \$35 fee and it will be a Long Ball / Best Ball scenario. Nancy Kenny will schedule us at the Yucaipa Market Night on May 16th, where we be showing off our rigs. Please arrive by 5:30. The deadline to enter the BFG trails contest has been extended.

New Business – The Installation Picnic was scheduled for September 20. We will be camping at the Cottonwood Campground in Rancho Jurupa Regional Park and hold our picnic within the camping area. Get you reservations now! Planning has begun for the club Christmas party. Donations to Friends of Oceano Dunes and Friends of the Rubicon were discussed. It was decided that we should become associate members of these groups first.

There will be a 2nd Annual Family Fun Off Road Weekend at Azusa Canyon on May 3 and 4th from 8 -4 . There will be rock crawling, exhibits and food.

Sheriff's Report – Sheriff Tim Kemp present - Randy – started the meeting late; Colors – Barbara Bongiorno, Steven Soliz, Tim Glider, Bob Yaryan; Late - Jennifer Traven (excused – it's her birthday) and Dick Gervais; Phone – Cindy Coffin and Barbara Bongiorno; Tom Thompson – interrupting the meeting; Bill Henry – harassment (Powderpuff); Loren and Joe – wheel stud issue; Mark Ogaz – club flag; Loren – wore the same outfit to Powderpuff as he did last year.

Shyann Traven thanked the club for buying GS cookies; she sold 1392 boxes and was a top seller. 300 cases of cookies were sent to Soldiers.

Raffle – Tim and Sharla also provided the raffle prizes this month and donated the money back to the club. It was a record breaking raffle at \$496. Ronnie Rogers will bring the prizes next month.

Closed Session – None

Submitted by Sue Sloan, IE4W Secretary

Morning, Zachary, Alex, Mike and Jerry, met up with us at the Cleghorn exit off the 15 fwy aired down and waited a couple extra minutes to see if anyone else was going to show up. Headed up Cleghorn road made it through everything with little spotting for the unlocked rigs, and everything unscathed until the last downhill My (Steven) drivers door wanted to kiss the last rock on the trail. (doh!) Finished Cleghorn at about 1:45 and headed on over to Pilot Rock trail head for lunch, had some good laughs and conversations and then Mike and Jerry Had to head home, Now being down to 3 rigs only one unlocked pilot rock (2N17X) should be a breeze, which it was except for the fact that i forgot im loaded up for 3 days of Camping, so some of the hills and climbs took and extra bump to get up and over but still no major issues, on the last climb of 2N17X Zack in his unlocked Cherokee had a little trouble with the sand all over the rocks, gave it a little too much throttle and got a little sideways to where a strap was required. Alex hooked him up and pulled him up the last 15 Feet. Up and onto the fireroad to the pinnacles for the night, got there at about 4pm and the three of us set up camp and waited for Kristian Lee And Julie to show up. as the sun went down so did the temp's and everyone decided to hit the sack at about 10pm.

Saturday Morning, Derek & Josh, Mark & Peggy, Russel & Don, Eric, Exavier & Jess showed up just before 9am as we were packing up camp. had our

drivers meeting (which i need to work on) and headed out on Willow Creek Jeep trail towards Dishpan Springs. Got to the gatekeeper and i attempted the waterfall where Alex was spotting me to, did i mention that he was spotting me around that rock on Cleghorn? I bumped up and mustve been a little to much and my passenger tire was WAY off the ground and i was white knuckling the steering wheel (i was just making sure i was on everyone's Camera) backed out of the situation and decided to take the easy route around the waterfall with the other unlocked cherokee. Got out and spotted everyone up the waterfall right in the middle with no issues. Hit the trail going along there were a couple spots that caught the unlocked rigs off guard and just needed some momentum. Got to the big waterfall to find a group of 2 from another club out with the Adopt-a-Trail Ranger doing their inspection to see what needs to be done to the trail, They stuck around to watch our group climb, as we started the climb a group of rather unexperienced motorcycle riders came up asking if they could go first so we let em, and after assisting them in walking their bikes up the whole climb it was our turn with little spotting from Alex I made it up no problem on the bypass.

Zack and his unlocked xj made it up with little trouble and some good spotting, Derek, Alex, and Mark all wanted a stab at the big waterfall, first derek, which suprisingly got his front tires to the top of the climb just diddnt have the traction in the 2dr unlocked jk, next was alex and his toyota climbed great but with being loaded down and the front being so light just couldnt get over the top.

After that we got all the other rigs up the bypass, and the only carnage was russel getting too close to the wall on the first climb and taking his fender flare off his JK, then Mark headed up the the waterfall and made it look like his driveway! cruising up to the top. the other side was a different story, had to stack some rocks and the usual 3 wheel action with some wheel walking we got him through with no issues. exited dishpan and headed out to holcomb creek, stopped at the gatekeeper for lunch then started the trail, got through the gatekeeper with only Eric and Mark getting a little hung up but with some spotting it was nothing they could'nt drive out of.

Got to the second rock garden and only Zack in his XJ got turtled on a boulder in the middle of the garden, Russ was quick to grab a strap and pull him forward off the rock and on our way we went, there is a newly added garden in the middle of the trail nothing hard just something to keep it interesting.

Finished the trail up at about 4pm got a group shot of everyone said our goodbyes to everyone except Alex, Kristian & Julie, Exavier & Jess, which was staying to camp out for the next day, Mark and Peggy joined us for some campfire chat and headed home later that night everyone cooked up some dinner and warmed up around the fire with all kinds of different conversations going on. Perfect camp night. then the wind started to pick up a little and it got cold really quick so everyone went to bed.

Sunday morning we all awake to the sound of rain, which was not expected. i peeked out of the tent and low and behold it was snowing!! nothing major just a little snowfall, just enough to coat our windshields, the storm quickly resided and we went on to making breakfast and packing up leisurely since no one was coming to meet up with us on Sunday morning, Packed up and checked out about 10 am headed for the gas station on our way to Gold Mountain. Fueled up and Hit the Gold Mountain trail head, aired down a little more from 12 to 10 since its a rocky trail, Exavier Joined us for this run in his stock RENTAL 4dr JK sport, we were never happier to have a stock unlocked JK on a run, it diddnt even had sliders! headed up goldmountain and got to the gatekeeper and got everyone up including the stock Jk with a very small tug to get him past the belly pan.

cruising on up the rest of the trail even the JK did well, made the rest of the trail easily with some spotting in some places, got done with Gold Mountain at about 2 pm and stopped for lunch, Deciding not to run john bull bein that everyone was beat up and some had to head home, we ran Little John Bull, and headed out, stopped at the ampm in Big Bear and said our Goodbyes!

All in all, very exciting and fun trip no major breakages to ruin any day, and a great crowd of people to be

4/12/14 Motino Trip, by Kevin Rice

Meeting up at Mill Creek at 8 am. Left at 8 30.

Run leader Kevin Rice. Tail Alex Rodriguez

Members:

Kevin Rice, Alex Rodriguez, John Maldonado, Mark & Peggy Ogaz, George & Kay Stauber

Tim Glider and Sharln Traylor, Terry Mc Neill, Sean Mc Neill, Curtiss Freeman, Mike Monica and

Stone Ortega

Guests:

Joey Maldonado/ Erin Gatward, Kevin Strong/ Tony Gonzales

Left Mill Creek at 8 30 and met up with Terry, Curtiss and the Ortega's at 2N01, aired down and a drivers meeting and started out about 9 15. A perfect day for wheeling. My Deputy Sheriff for the run was Mark Ogaz. Went over to Pontiac loop with a little spotting made to the top without trouble. A 15 min stop and continued on. 50 yards out I here about someone crashing into another rig in the parking area. Details later. Made our way down to 2N02 and left to 2N70Y, left on 2N70Y to lunch stop. Ortega's Rig steering overheating. After lunch Ortega's and Mc Neill's went

home. We went onto Montino Wash and arrived about 2. Started up on the second rock climb Kevin Strong slashed a tire. While we changed it everyone did a great job spotting up both lines. We moved on up spotting all lines and

doing well until middle waterfall, I heard a noise from Curtiss's FJ. He made the step up and parked. After a few more went up and he walked back down and said he had a problem. The rear control arm bent and tire was rubbing the body. Drive shaft rubbing the gas tank. About that time we heard about the Rattlesnakes 25 ft away. So leaving the snakes alone, we took the arm off and tried to put it on the ground and run a JK

over it, no help. So the old rock and hit it with a hammer.(thanks Joey)

Used a chain and winch to move the axle and install the arm. Done, all good. Kept going,

snakes still in there home, some banging of rigs in the back. John said it's a family feud and he(Joey) started it. Kevin S

took most of the easy lines due to a cut in the tire we changed to. The last climb I finished and jumped out to spot, too slow. John was too close to the tree and hit the window frame. The toyota's made it thru with a little work and out the end of the trail we went. Got down to the pavement and Kevin S had another flat. I put 9 plugs in the sidewall and we put 10 psi in it, holding, 25 psi. OK. We went to 29 Palm's for dinner at Las Palmas. Everyone left the dinner, Kevin S, Curtiss and myself stayed together. When we turned onto the 10 fwy about 2 miles we came onto a Harley down, 2 riders 60 MPH winds. We stopped, The driver and couldn't get the bike up, with Kevin and Tony helping, we got the bike off the fwy. Passenger was hurt and bike was broken up. We got her to Curtiss's FJ and the driver. They wanted to go to San Bernadino. So Curtiss took them and found out the person wasn't there, and took them home to LA at midnight.

I followed Kevin to be sure the tire held and help if needed.

The tire held all the way home and the biker got home .

A Great run, all

Hope everyone had a good time!

way put it on a flat sledge

home.

Forest Service Handbook (FSH) 6709.11

“The Health and Safety Code Handbook is the primary source of standards for safe and healthful workplace conditions, project inspections, and operational procedures and practices in the Forest Service, in addition to the standards and regulations of the Occupational Safety and Health Administration (OSHA) (sec. 01).”

“The primary audience for the Handbook is first-line supervisors and work leaders. However, the Handbook’s direction applies to all Forest Service employees.”

“**OBJECTIVE.** To ensure safe and healthful workplaces by instituting procedures and practices that help prevent accidents, injuries, and illnesses to Forest Service employees, cooperators, contractors, volunteers, and the visiting public.”

Volunteers specifically includes AAT volunteers working on AAT projects in the forest.

“04.4 – All Employees. **It is the responsibility of all employees to:**”

“1. Inform their supervisor of any personal, physical, or mental condition that could compromise the safety or health of the crew or themselves.”

“2. Comply with the Job Hazard Analysis (JHA) and the established safety and health procedures and practices.”

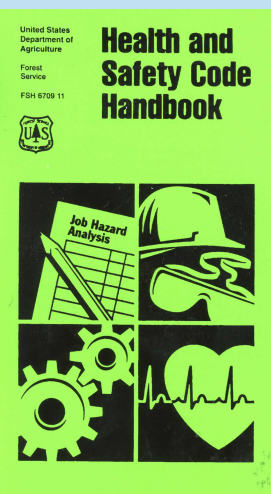

“3. Take the initiative for their own safety and health, and that of their co-workers, by pointing out unsafe conditions and unsafe work practices and, immediately reporting any threats by persons against themselves or Forest Service facilities to their supervisor and the Law Enforcement and Investigations Staff.”

You can personally become more familiar with the safety guidelines for all official activities to be conducted in the forest by downloading a copy for yourself. This way, you can familiarize yourself with the related activity and the associated safety requirements prior to the activity. The FSH is available online, its file size is only 2.4mb, and it’s in PDF format at this URL address:

<http://www.fs.fed.us/im/directives/fsh/6709.11/FSH6709.pdf>

Future safety articles will be presented highlighting related activities from this handbook, as all AAT functions are to adhere to the safety guidelines contained in this handbook.

Hello IE4W Members & Guests

As you know Forest Fest 17 will be here and before we know it and I am looking forward to purchasing items for the Kids raffle prizes to award this year. To ensure that these items are quality items - and plenty of them- this is where I am in request of your help, your donation no matter how large or small the club matches it dollar for dollar up to \$1000.00.

So any help would be greatly appreciated this year. I know its early, Mike will begin collecting monetary donations at the April, May and June business meetings.

Thanks to all who donated to the event last year we were able to provide every child a gift at the raffle. We even were able to put on a Trash 4 Cash drawing and the Coloring page contest which I am including again this year.

Thank you in advance

Jennifer Traven

IE4W member/BBFF Kids Raffle Chair

jenaf@sbglobal.net

This club is "AWESOME" and has group of wonderful caring people. Lets make this years Forest Fest as fun and exciting for the younger wheelers as it is for us "older" wheelers.

Installation Picnic

The Installation Picnic will be held again this year at Rancho Jurupa Regional Park in the afternoon on September 20th. Get your RV reservations for the weekend 9/19-21/14 ASAP through Riverside County Parks website or by calling the number below. We will be holding the picnic in the Cottonwood Campground, so try to get your RV reservations near that area. We hope to fill in this area with all our group.

For those not camping, you can pay a day fee at the gate on arrival. There is lots to do at this park, bike riding, fishing, a water park and putt-putt golf, etc.

More details to follow when it gets closer!

Sue Sloan
IE4W Secretary

Mid Week Run

Members attending
Curtiss Freeman FJ Trail Guide
Kevin Rice Tail Gunner

We met at the Jensen's market in Cedar Glen at 8am got supplies and breakfast sandwiches. We headed down Hook Creek road at 8:30 when it was obvious that no one else was going to show. The weather could not have been better clear skies slight breeze. We aired down at the end of the pavement and headed up Dish Pan. As usual it was different than the last time I had been there, we made it up the first obstacle with each spotting the other. When we got to the big water fall I let Kevin go first as I have had problems in the past and have had to be strapped up the last little bit, but NOT this time, and man it has really changed. Kevin continued to lead till we got to Tent Peg where we stopped for a 10/100. We then continued on to the entrance of Lower Large Flat 2N06X, I had been down it but never up so this was a first for me. We got to Holcomb Creek and continued on out to the west end. We stopped for lunch just before hitting the end of the trail. After lunch we proceeded to the western entrance to John Bull. Going up those rock gardens was a little tricky and it seemed like there were more rocks exposed than I remember from the last time, but then again it has been a while and I did come the other way. Going down the other side was no walk in the park the last major obstacle (or if you are coming from the west the first one) was totally different dug way up rocks in different places the usual lines totally changed but we made it down without any problems. We continued on to gold mountain and made that run. Kevin said that he ran Gold Mountain in two wheel drive the whole way even thru the quarry. We aired up at the end of the trail then we went to Sizzler in Big Bear for dinner and then said our good byes.

One Great Day of Wheeling.
FJ Curtiss
